Correction of: <https://nursing.jmir.org/2025/1/e71921>

JMIR Nursing 2025;8:e83237; doi: [10.2196/83237](https://doi.org/10.2196/83237)

In “Gamification as a Tool for Understanding Mental Disorders in Nursing Students: Qualitative Study” (*JMIR Nurs* 2025;8:e71921), the authors made two changes.

Under “Ethical Considerations,” the first sentence has been changed from:

Ethical authorization to conduct the research was obtained from the Research Ethics Committee of the Instituto de Investigación Sanitaria Fundación Jiménez Díaz (CEI_PIC321-23_FJD).

And now reads as follows:

The study was submitted to the Research Ethics Committee of the Instituto de Investigación Sanitaria Fundación Jiménez Díaz (CEIm-FJD) for review. Although the committee determined that the project fell outside its scope as it did not constitute biomedical

research, it found no ethical objections to the documentation provided.

Additionally, the following affiliation has been added for authors Pablo del Pozo-Herce, Alberto Tovar-Reinoso, and Ana Casaux Huertas (with all following affiliations renumbered accordingly):

Escuela de Enfermería Fundación Jiménez Díaz– Universidad Autónoma de Madrid (FJD-UAM), Campus de Villalba, Instituto de Investigación Sanitaria Fundación Jiménez Díaz (IIS-FJD, UAM), Madrid, Spain

The corrections will appear in the online version of the paper on the JMIR Publications website, together with the publication of this correction notice. Because this was made after submission to PubMed, PubMed Central, and other full-text repositories, the corrected article has also been resubmitted to those repositories.

This is a non-peer-reviewed article; submitted 04.09.2025; accepted 10.09.2025; published 22.09.2025
